Counter Stool / Bar Stool

A photograph of an outdoor patio area. In the foreground, there are two small, square, white-topped tables with black metal bases. Each table is surrounded by two green plastic stools with a ribbed backrest. The stools have a modern, slightly curved design. The patio floor is made of light-colored wooden planks. In the background, there is a building with large glass windows and doors, reflecting the outdoor scene. The sky is bright and sunny, casting shadows on the patio. In the bottom left corner, there is a small planter box with green plants.

The Gardenia series emphasizes the durable material, just like its floral meaning: eternity and lasting a lifetime. The curves of Gardenia shape were designed according to the lateral-line of a Gardenia flower, similar to a round-rattan and a romantic style. Lagoon rattan furniture consists of high quality and traditional design, and is innovative in its craftsmanship reflecting elegant fashion.
