The gigantic and smooth body reflect warm colors. Its whipping tale stirs up waves. Singing at the frequency of 52 Hz, it just wants to be heard by its mates. Sinking into the sea gradually, the waves disappear, leaving with us fathomless silence. Sinking into the deep blue sea and reaching the seabed, it sees beauty beyond human eyes.

Designed in the image of the whale, it is neat and concise, merging into the environment harmoniously. The huge seat suits people of different physical builds. The ergonomic chair back design provides ideal support and extreme comfort. The flexing design of the chairback allows people to recline to soft support without getting tired after lengthy sitting.

Bring the beauty of the Garden to your patio by adding fresh white hydrangeas and hanging wisteria with the Chloe Garden table. Chloe means "Green" in Greek. Hence, the Chloe Garden table was inspired by the growth of green buds and the renewal of life and energy. This bistro table is a perfect combination of structure and strength, made of durable polypropylene and can seat up to four people. It is the perfect piece for any outdoor setting. So enjoy casual cocktails and conversations on the patio with the Chloe Garden table!

SPROUT

Dining Table 

This contemporary table does double duty. It serves as a stylish compliment to any room or setting and its top can be easily removed and used as a serving tray for snacks and beverages. The circular tray top features a raised rim that keeps potted plants, books, and other decorative objects safely corralled. The stand is adjustable in height making the Sprout table versatile and the ultimate in design.

Gardening  

Our plant pot boasts a number of unique features that make it the perfect choice for gardening enthusiasts. The raised design allows you to plant without having to bend down, making it easier and more comfortable to use. The built-in water storage layer helps evenly distribute hydration to your plants, ensuring they receive the moisture they need to thrive. Additionally, the pot includes reserved holes for attaching a climbing trellis, making it suitable for a variety of plants and settings.
